

THE MOTOWN UNIVERSE

Executive Development Memo #004 — Phase Structure

An alternate-reality “what if” • Fidelity Rating: 100% • Nerf Tolerance: 0%

1. The Decision

PHASE 1 (2009–2013): 6 films
PHASE 2 (2014–2016): 6 films
PHASE 3 (2017–2021): 11 films
Total: 23 films • No releases in 2020

2. The Phase Chart

Phase	Years	Films	Release years	Note
Phase 1	2009–2013	6	5	Opens with the 2009 launch (Memo #001)
Phase 2	2014–2016	6	3	—
Phase 3	2017–2021	11	4	No films in 2020, so the phase runs through 2021
Total	2009–2021	23	12	—

3. Checked Against the MCU Blueprint

This structure follows Marvel's first 23 films, the Infinity Saga, exactly. It runs one year later because TMU launches in 2009, while Iron Man came out in 2008.

Phase	MCU (real world)	TMU	Match
Phase 1	2008–2012 • 6 films	2009–2013 • 6 films	Same film count, same 5-year length
Phase 2	2013–2015 • 6 films	2014–2016 • 6 films	Same film count, same 3-year length
Phase 3	2016–2019 • 11 films	2017–2021 • 11 films	Same film count, and the same 4 release years once 2020 is skipped
Total	23 films	23 films	Exact match

4. The 2020 Gap

- There are no Motown Universe releases in 2020. This mirrors how COVID-19 closed theaters that year in the real world.
- Because of the gap, Phase 3 covers five calendar years (2017–2021) but still has only four release years, the same as the MCU's Phase 3.

5. Still To Be Decided

- The films themselves: titles, subjects and order. **No films have been chosen yet.**
- How many films come out each year within each phase.
- When the Universal acquisition is announced (the open item from Memo #003).

TMU is a fan-made alternate-reality concept. It has no connection to Motown Records, Universal Music Group or Marvel Studios.
